Barbara Coupé, Administrator
ATCC Patent Depository

PLEASE NOTE:

ATCC has revised its numbering system for patent deposits. The reason for the new numbering system is to clearly delineate cultures on deposit with ATCC for patent purposes from those authenticated by ATCC. Therefore, the ATCC acronym may not be used when citing the number in your patent application, only the assigned number. You may, however, indicate in your patent application that the culture is on deposit with ATCC as a patent deposit.
